Housing Authority Asks Voters Attendance At Town Meeting

SELECTMEN AUTHORIZE HOUSING AUTHORITY TO CONTRACT FOR HOUSING FOR AGED

Bob Michaelson, acting as consultant to the Housing Authority, obtained the signatures of the Board of Selectmen Monday evening, thus gaining authorization for the Housing Authority to enter a contract with the State to erect a \$400,000 housing project for the elderly persons.

Next step will be taken at the Town Meeting next Monday when an article sponsored by the Housing Authority is voted on. The article asks that the words, "Federal or State Aided Housing Projects, including multiple unit buildings," be added to the present by-law which all

nursing, rest or convalescent home charitable institution, or other similar non-correctional institutional use in rural or single residence areas.

First choice for location of the 10 buildings, consisting of 4 three room units with 450' floor space, designed to accommodate one or two aged persons each in an area on Burlington Ave. across from Chestnut St. Tests are underway to determine the suitability of the spot.

The project will be built at no cost to the town; the state will build and maintain the units the rent from the same being applied to the principal and interest which will be paid in forty years. Final rent and entrance requirements will be set later.

TORCH LIGHT PARADE FOR WILMINGTON BOOSTERS

The town of Wilmington is on its toes, and aglow with enthusiasm while it awaits the starting gun for the beginning of the giant torch light parade, scheduled for Thursday evening, the 21st.

All cars will meet at the senior High school, and plan to get under way at 7 p. m. They will travel, at a slow pace, along the better streets and roads of the community, and the athletes will sell Boosters buttons, and membership cards from time to time, among the citizenry.

There is 100 percent co-operation among the football team, the cheerleaders and the Student Council in this giant endeavor to raise interest and help to supply funds for their needs which do not come under the jurisdiction of the school.

The whole week has been set aside as "Booster's Week" in the town. Under the auspices of the Boosters' organization, a minstrel show was given last Thursday evening; this show was a 100 percent benefit; no member of the well-known Al

Mitchell band or company was compensated for the presentation of their talents, which were shown at the High School auditorium. Mitchell, a national figure in the entertainment field, gave willingly of his time for this evening, along with a group of young people from Sylvania Electronics of Woburn. The evening was a great success, and the ticket receipts were gratifying.

The officers of the Boost-Hastings as their leader, expect the torch light parade to bring together, in an ever-growing band of friendship towards our ever-growing population of young people, the firm support of every member of our town who would wish to extend a helping hand to a deserving group of our young citizens.

BE A BIG BROTHER! BE A BIG SISTER! BE A REGULAR GUY! TURN ON YOUR PORCH LIGHT, AND MAKE READY TO DIG IN! THURSDAY, 7 TO 9 P. M.

Accident On Roman Way Curve

Mary Thistle of 180 Mountain Ave. Malden, was taken to the Choate Hospital Sunday evening after an automobile accident at the sharp curve on Roman Way. Mrs. Thistle was later treated by a private physician. Another passenger, Eileen Buckley of 126 Sturgis St. Medford, suffered a broken tooth. Other passengers were shaken up. No serious damage to the automobile was reported.

THE NAME THAT IS RELIABLE

SEE US FOR GOOD USED CARS

The Wilmington Housing Authority urges all people who are interested in any way in housing for the elderly to come to the special Town Meeting next Monday, and vote on the proposed amendment to the by-laws.

Due to a misunderstanding, abusers of property on Burlington Avenue which is being considered for the site of the State sponsored project were notified to appear at the Planning Board Hearing last night. A number of residents of Burlington Ave., appeared to protest the location.

One resident upon stating that the increased traffic would bother her, was informed that 99 percent of the people eligible for the apartments would not be in a position to run an automobile. Drainage of the area was another point discussed. A private contractor had attempted to build on the property and had been turned down due to the wetness of the land at one time. The Housing Authority members said that the State would fill the land as part of the project; the cost would be prohibitive to a private contractor.

Questions were fired at Chairman William Smith, who kept his composure as he answered all queries with

the aid of Robert Michaelson, who is acting in the capacity of consultant.

At one point Mr. Michaelson reminded the objectors, who admitted that they know that voting against the article in the warrant would kill all chances of the project in the town, that they would be aged themselves in the future, and had no assurance that their financial position would be such that they might not need housing themselves.

The Planning Board took the matter under advisement and will make their recommendation at the Town Meeting.

Schools, Wilmington, Massachusetts.

YOUNGEST BOOSTER

We first met him at the
Wilmington-North Andover
game. It was pouring cats
and dogs, and he was cold
and set. He stood there, on
the first step of the bleachers,
like judge and jury,
viewing the play, and then
we got dangerously close to
a touchdown, he was off, to
see the action down the
field.

When he came to stand
next to us again, we offered
him a piece of candy. He ac-
cepted it, without turning,
peeled the paper off, and ate
it, without taking his eyes
off the soggy game out
there. His big brother was
playing, and he had an-
other, on the bench, waiting
his chance. He felt, as we
did, that so long as he kept
watching the team, they
couldn't lose. We did lose,
by a small margin, finally.
We bowed to a team that
was, to that date unbeaten
and on the way to becoming
Class D champs.

My small ally went home
after that game, and went
to bed promptly, with Asian
flu. He had no regrets; he
had seen the game with his
own eyes, and had passed
his own judgment on it. The
next time we met him, he
was proudly wearing his
Booster's button, and no one
is more deserving of it.

His name is Chuck. His
real name is Hugh Casey,
six-year-old son of Mr. and
Mrs. Walter Casey, of Main
street, and the smaller
brother of Joe and Eddie
Casey of the team. And it is
spirit such as this that
picks us up, and gives the
"Go!" to a ball team that
sure needed it!

HEBREW COMMUNITY CENTER TO CONDUCT WHIST

On Thursday evening, Nov-
ember 21 at 8:00 p.m. the
Wilmington-Tewksbury Heb-
rew Community Center will
hold its annual turkey whist
at the community center
building on Salem St., op-
posite MacDonald Rd., North
Wilmington.

Many valuable prizes will
be won including several
turkeys. An enjoyable even-
ing has been planned for
everyone who attends, with
refreshments being served.

Hostesses for the evening
will be: Silvia Jacobs, Char-
lotte Sobelman, Ida Ford,
Dorothy Vinecourt, Ruth Nu-
del and Arlene Abergov.

The event previously sched-
uled for Thursday evening
will be postponed until next
month. The date will be an-
nounced later.

AMERICAN LEGION TO MEET

The next regular meeting
of the American Legion will
be held on Thursday at 8:30
at Legion hall. Books for the
Christmas event will be
available at this meeting and
all members are asked to at-
tend to pick up their books.
Seven turkeys will be award-
ed and it is hoped all mem-
bers will do their share toward
the success of this ven-
ture.

WILMINGTON COAL SAFE SMASHED AND LOOTED

Employees of the Wilming-
ton Coal and Oil Co., on
Main St. entered the office
yesterday morning to find
the office safe door battered
open and the safe looted of
its contents, estimated to be
a little over \$10.00.

Entrance was gained by
forcing open an office win-
dow which opened on the
yard. The safe was a total
loss.

Police are questioning sev-
eral suspects in the case,
which was believed to be the
work of experienced crimi-
nals.

NEW INDUSTRIES FOR HAVERHILL

Commissioner John. T.
Burke of the Massachusetts
Department of Commerce
yesterday cited the Greater
Haverhill Chamber of com-
merce for bringing two new
industries into its area.

The new plants are the
Phoenix Manufacturing Co.
Inc., which expects to em-
ploy 50 workers making
wooden novelties and toys,
and Tru-Color Corp., which
will employ about 30 persons
in the manufacture of cray-
ons and chalk.

Haverhill has attracted
eight new industries in the
past year, Commissioner
Burke pointed out and said,
"The Greater Haverhill
Chamber of Commerce is a
classic example of what a
civic body can do to attract
new industry if the true
spirit prevails."

"Fire, cause unknown":
was somebody smoking care-
lessly?

DID YOU KNOW THAT

There
are only
5 "Service"
Stations for
all of Moscow's
5 million
inhabitants

● The sketch above was copied
from a photo of one of Moscow's
5 "service" stations.

Even at these few filling sta-
tions, service is non-existent and
gasoline is rationed. That's what
you can expect when all industry
is controlled by the State. In the
U. S., with a privately-managed
oil industry, 200,000 service sta-
tions compete for the motorist's
business. As a result you get the
world's finest oil products at low-
est prices.

That's just one reason why all
of us in America's competitive
oil business take pride in the
progress of our industry and in
the part we play to make this
progress possible.

THE BALDWIN CIVIC ASSOCIATION TENTH ANNIVERSARY DANCE

The Baldwin Civic Associ-
ation is pleased to announce
a Tenth Anniversary dance
on Friday, Nov. 22 at 8 p.m.
in the Wildwood school to
celebrate ten years of par-
ticipation in the growth of
Wilmington. Music will be
furnished by Jack Hennessey
and his well-known band.

The Baldwin Civic Associ-
ation was formed in 1947 to
sponsor and advocate the
town manager form of gov-
ernment. Since then it has
fought hard and consistent-
ly for good local govern-
ment. Among the Acts and
By-Laws in which the BCA
has taken active interest
should be mentioned the
original campaign in behalf
of the town manager system
as well as several subsidi-
ary campaigns in defense of
the system. In addition the
Association campaigned in
favor of the re-assessment
and re-evaluation program,
the re-zoning by-laws and
strongly defended the thesis
that assessors should be ap-
pointed rather than elected.

Although the original
membership of the Baldwin
Civic Association interested
primarily from South Wil-
mington, the Association has
been town-wide for many
years and considers itself a
Civic Association interested
in the welfare of the town
as a whole rather than as a
local betterment group.
Membership is not actively
solicited but is open to any-
one from Wilmington who
demonstrates his interest in
the aims of the Association.

Meetings are held month-
ly at 8 p. m. on the first
Tuesday of the month in
the old South school, on
Chestnut street. Meetings,
with the exception of the
annual spring meeting, are
open to the public.
The Baldwin Civic Associ-
ation cordially invites its
friends, acquaintances, and
the general public to its
tenth anniversary celebra-
tion. Tickets are on sale at
90 cents a person. Refresh-
ments will be served and
the dance is to start at
8 p. m.

OLD AGE NEWS

Some elderly couples will
receive notice this month.
benefits will be combined
into a single check, begin-
ning in January, Miss Ethel
Eliopoulos, director manager
of the Lowell social security
office announced today.

This new payment proce-
dure is expected to save the
Government about \$1 mil-
lion a year. Payment of only
one check, representing the
combined monthly benefit
amounts of a retired worker
and his wife, was started on
a trial basis in September,
1956, but was limited main-
ly to families in which the
wife first became entitled
to benefits in September
1956 or later.

In its 14 months of oper-
ation, the new payment
method has proved success-
ful and productive of sub-
stantial savings, Miss Eliop-
oulos said, and will there-
fore be extended, beginning
in January 1958 to elderly
couples who were on the
social security rolls before
September 1956.

No combination of social
security benefits payable to
a husband and wife will be
made where they are not
living together or where all
or part of the wife's benefit
is based upon her own rec-
ord of work under social
security.

With more than 10 million
men, women and children
receiving monthly social se-
curity benefits, and with the
number increasing each
month, the total cost of is-
suing checks has become a
major concern of the Social
Security Administration and
of the Treasury Department.
It costs more than 5 cents

Edward H. FILLMORE

Contractor

"Our Specialty
is Homes"
373 Andover Road
Billerica
MONTROSE 3-2177

to prepare and mail each
check, including postage,
check stock, envelopes, man-
power, and other supplies
and equipment.

If payment by separate
check was continued to the
more than 1,700,000 wives
(or dependent husbands) of
retired workers, now on the
social security benefits rolls,
she noted, it would mean the
issuance of 20,400,000
checks per year. Even with
the continued issuance of
separate checks to couples
who are living apart and to
those who for some other
reason prefer to be paid sepa-
rately, savings are expected
to amount to at least \$1,000-
000 annually.

Miss Eliopoulos pointed
out that the combination of
a husband's and wife's bene-
fits into a single check in
no way affects the right of
either one of them to his or
her benefit, or the amount
of that benefit. Both of them
must sign their names on
the back of the check before
it can be cashed.

WILL AID WOMEN IN BUSINESS

The first in a series of
workshops to aid women en-
tering industry will be held
in Lynn, January 18, Marcia
Memmott, Director of the
Women's Division of the
Massachusetts Department
of Commerce told the Busi-
ness and Professional Lodge,
Order of Sons of Italy last
night at the Hotel Sheraton-
Plaza.

Mrs. Memmott who recent-
ly became Director of the
new division of the Massa-
chusetts Department of Com-
merce said that workshops
are planned early in the year
for Brockton and Spring-
field. She said a panel of
professional experts in vari-
ous fields of industry will
be on hand at the workshops
to counsel women in estab-
lishing their own business.

Mrs. Memmott told the
group that the Massachu-
setts Department of Com-
merce is in the process of
developing a counselling ser-
vice to aid women in busi-
ness. It will be staffed by
volunteers who are among
the top women leaders in the
field of business, law, edu-
cation, industry, aviation
and medicine.

The only railroad station
in the country especially au-
thorized by the U.S. Congress
is Union Station, Washing-
ton, D.C. Its construction
was authorized in February,
1903, and it was built by the
using railroads not the Gov-
ernment, according to the
Railroad Community Com-
mittee of Greater Boston.

Passengers carried by rail-
roads in 1956 were seven-
tenths of one percent below
1955 figures, while passen-
gers carried by inter-city
motor buses were off 6.6
percent, according to the
Railroad Community Com-
mittee of Greater Boston.

Major U.S. railroads spent
\$1.9 billions in 1956 for
fuel, materials and supplies,
an increase of 51.1 percent
above 1955, according to
the Railroad Community
Committee of Greater Bos-
ton. The railroads also in-
vested \$1.3 billions for
capital improvements.

Freezing weather may damage some types of fire extinguishers. If "protect from freezing" appears on the label, locate extinguishers where water will not freeze in winter.

If you burn wood, now is the time to scrape out the chimney flue. Don't forget to remove the loose soot from the bottom of the flue. Don't overlook soot lodged in stove hole openings or smoke shelves.

Dry leaves, a little spark, with a breeze across the park. There'll be trouble unless you're smart. Don't give fire a place to start.

Safety Tip: When you take your car out on the highway, you must really drive **THREE CARS**: your own, the one ahead of you, and the one following. Know what the other fellow will do next, and govern your actions accordingly, advises the AAA.

TRAVEL TIP: Nothing spoils an otherwise wonderful vacation as thoroughly as an accident. You can avoid trouble on the road by driving conservatively. Drive well within the posted speed limits and **PAY CLOSE ATTENTION TO ALL WARNING SIGNS**. Avoid driving at night, because that's the time when many of the worst accidents occur, warn the Triple-A.

NICKEL SILVER TRACK

Model railroad fans now have available realistic-looking track which will not rust or oxidize and provides an excellent electrical contact for locomotives and cars. Made of nickel silver, an alloy of nickel, copper and zinc, the new track is easy to solder and bend, and requires less cleaning than brass or steel.

"The element in the American idea that is hardest for people in other countries to grasp is the way we deliberately plan for today's thing to become obsolete. Work is created to make and sell its replacement. Research is cultivated dissatisfaction, keeping the future continually stirred up and the present in ferment."

The Postmaster General reports that more medical quackery is being promoted through the mails than ever before, at an annual money loss to the public of at least \$50 million a year. Some of the common frauds are "sure cures" for cancer, arthritis, baldness and impotency.

A styled rectangular, black-blend, featuring a "V" on a grooved background above a blocked lettered **PONTIAC** is carried in the left side of the grille of the new Pontiac for '58.

Does every responsible person on your farm know how to properly use the fire extinguisher? At a recent farm fire the extinguisher wasn't used because the instruction card was lost.

Mud isn't much use on fires. Better clean out the silt and weeds from dried up fire waterholes. When the waterholes refill you will have full capacity, in an emergency you may need it.

Keep brush from growing up to the rear of outbuildings, at least thirty feet of cleared space if possible. Plowed land or private roadways help to keep down brush and woods.

Outbuilding fires are usually serious due to delayed discovery. Approved automatic alarms are on the market which would help, providing there is someone on the farm to hear it.

WAS KETTLE COVE

The fashionable north shore of Boston community Magnolia, was originally known as "Kettle Cove", because of its precipitous coast line, the Massachusetts Department of Commerce reports.

THREE FIRSTS

Beverly, Massachusetts, boasts three "firsts in the nation" - first cotton mill, first Sunday School and first Secretary of the Navy in George Cabot - according to the Massachusetts Department of Commerce.

While on an observation flight at the South Pole, a Navy plane made seven tight circles at the mythical spot, thus racking up a "record" of shipping around the world seven times in three minutes.

SAFETY TIP: The greatest single enemy of safety is darkness. When you're driving on the highway, be sure you can stop within the beam of your headlights. Overdriving your headlights is an invitation to disaster, warns the Triple-A.

BUILT ON TERRACES

Turners Falls, Massachusetts, where Indians battlefields have been carefully preserved, is built on a series of terraces rising 100 feet above the Connecticut River, according to the Massachusetts Department of Commerce.

SINGING BEACH

In Manchester-by-the-Sea, Massachusetts, there is a beach where the sand appears to sing with every footstep, according to the Massachusetts Department of Commerce.

AS MY GARDEN SLEEPS

by Mari Gold

If you are one of the folks who like to stroll through the woods at this time of year, why not use the time to see what you can find to use for winter decorations? Two of the most popular berries found now are partridgeberries (another name for which is Turine Berry, and the entirely different berry, is the Winter or Checkerberry.

First I will speak about the partridgeberry. This is usually found creeping about the feet of trees, especially the cone bearing ones. It is a little evergreen vine and in the spring its flowers are bell-shaped, white and fragrant, sometimes tinged with purple. In the fall, these blossoms produce scarlet berries and the leaves are a shiny dark green. For use in decorations, they are usually made into partridgeberry bowls. An ordinary fish bowl may be used. Place a little moss in the bottom of the bowl and place the vines around the bottom of it. Ar-

range them so the red berries show. Put a little water in the bowl and cover tightly. If the bowl used has no cover of its own, aluminum foil or saran wrap may be used. Tie a red bow around the neck of the bowl to give a Christmas effect. After the holidays, the bowl may be removed and the bowl will remain a most interesting centerpiece all winter. It may be used on an end table or placed in a sunny window.

The checkerberry is well-known to most rural youngsters as when chewed, its flavor resembles that of checkerberry gum. This berry is also found in evergreen forests. The foliage is shiny green and the berry itself is a deep red. In cold weather, the leaves turn to bronze hue. The checkerberry is not a vine, but grown as individual plants about six inches high, having three to five leaves and a cluster of berries. It may be tied into little bunches with red ribbon and placed in any planter or may be used in decorating wreaths. Any place in

which you need contrasting color from the conifers evergreen, the checkerberry will do nicely.

The dry summer probably has had some effect on the quantity of these berries to be found now as they like water when they are setting the fruit.

There is not very much more to write for the gardener from now until the ground freezes when I'll try to give instructions on proper covering and mulching for winter protection.

If you like rhubarb and also like to experiment, you can take a clump of rhubarb up, using a sharp spade and taking care to get the entire clump. Plant it in a deep box, keg or bushel basket. Either in peat moss or good garden soil. Place it in one corner of the cellar and it will give excellent winter results.

If you are fortunate enough to have coal ashes, place a shovel or two of them around the crowns of your Delphiniums. If you have a butterfly bush, hill up the soil around it, but do not cut off the tops until spring. Do not be in a hurry to cover roses, it is best to have a freeze first. Now until snow falls is a good time to do any filling or grading as the cold winter months and snow will settle it in place before spring.

Another interest to add to your garden for winter is a bird feeder. Feeding the birds during the winter is an interesting, useful and humane habit. Do not begin however, if you don't intend to continue as your feathered friends will learn to depend on you and will be lost if you do not continue to feed them. Birds also need water. In fact this is one of their chief needs during the cold months when all their usual water supplies are frozen solid. Grit and sand will also be appreciated as well as a little hay-chaff tossed onto the ground. The chaff has a warming effect on the tiny feet and also offers an opportunity to "scratch" for food. An opportunity scarce to your guests during the winter. You will find your "windowsill sitters" will enjoy the table scraps, peanut butter and suet.

The Junco is our first winter bird. He comes down from the far north sometime in October and will remain with us until May. Juncos are absolutely fearless and will radiate much cheer in your winter garden.

seeing the world
THROUGH POSTAGE STAMPS

by H. A. Viewer
Hello, boys and girls of all ages - 5 to 105. Let's take a trip together around the world. We can make many trips, while seated comfortably in our chairs, looking over our stamp album and reading our geography.

This world is a wonderful place, with many beautiful places to visit. We cannot of course always go in person, but through the medium of these little pieces of colored

paper and a little bit of curiosity we can travel to all corners of the world and back as often as we wish. We can learn a lot and have permanent souvenirs of our journeys reposing nicely in the spaces of our stamp albums.

This week lets look over our United States stamps. We find a large set issued during the years 1922-1926 and later. We are attracted to one particular stamp, a pretty green one marked 25 on the two lower corners. with the word "cents" spelled out between. With our magnifying glass we read the fine print in the ribbon just above the word "cents". It says "Niagara". Sure enough, we have a nice view of Niagara Falls. Where is or where are Niagara Falls? On a map we find Niagara Falls is on the Niagara River, which flows between Lake Erie and Lake Ontario, and at this point is the boundary between United States and Canada. Can-

ada therefore shares the ownership of the falls with us. Niagara Falls is about 500 miles from Wilmington. This mighty cataract is the broadest Falls in the world though it is not the highest. Water drops more than 160 feet in this great Falls, in volume amounting to 215,000 cubic feet per second. Imagine the noise!

Niagara Falls was first discovered in 1678 by Franciscan Friar Louis Hennepin and it has been a spectacle of wonder to millions since. In years gone by, several people at different times won much publicity by going over the Falls in a barrel or some other vehicle. Most of these people were killed, but a few lived to tell about it. It is now against the law to try such a stunt.

At the Niagara Falls Museum, located in the city of Niagara one can see some of the remains of the vehicles used by the daredevils mentioned above. Also many fossils, etc., which this area abounds in are on display there.

This 25 cent stamp has introduced us to one of our country's greatest natural wonders. Next week let us travel to a great Falls in a foreign country.

XMAS WORK AVAILABLE
All who are interested in acquiring Christmas work at the Wilmington Post Office, may call at that office and secure an application.

The Weekly meeting of the Wilmington Rotary Club was held at the Masonic Hall, with president John Gleason presiding.

After the usual opening ceremonies, the president called on Rev. Stanley Cummings to offer the invocation.

After the luncheon the birthdays of Fred Cain and Bill Stevens were recognized with appropriate song, with John Cafiso, at the piano. The president called on Adrian Durkee to introduce the following visiting rotarians: from Woburn, Al Hamilton, Louis Roessler, from Stoneham, A.P. Rounds and from Winchester, Henry Clark, Arthur Bonney.

Secretary Stanley Cummings, announced that the club had five 100 percent meetings for the month of October, making a total of seven straight weeks, of 100 percent. The president turned the meeting over to Fred Cain, who introduced, Fred Russ, as the speaker of the day. Mr. Russ is a member of the Rotary Club of Wellesley. After a short introductory talk, he showed a film depicting the "arrival of the Mayflower II." The film showed a group of Radio and TV men, travelling 100 miles out to sea, in an effort to get a scoop on the arrival of this ship. It was a very interesting picture, and enjoyed greatly by the members.

**UNITED PROTESTANT
THANKSGIVING MORNING
WORSHIP SERVICE**

Under the sponsorship of the Wilmington Area Council of Protestant Churches, a Thanksgiving Morning wor-

ship service will be held in the Wilmington Congregational Church, at 7:45 a.m. at 7:45 in the morning. It will be concluded at 8:30, promptly at 8:30 a.m.

The service will be under the leadership of the Rev. Stanley Cummings, pastor of the Congregational Church and will be assisted by The Rev. Richard E. Harding, Donald Tibbetts, associate pastor at the Congregational Church, and Elliot Castillo. The Young People of the United Christian Youth Movement of Wilmington, comprising of young people from the Protestant Churches will provide special music during the service of worship.

The Council voted at its last meeting to take a special offering in cooperation with the National Council Churches program of Sharing our Surplus. Attention was called to the fact that it cost Americans over one million dollars a day last year to just store our surplus food. The government will release the food to agencies who will provide transportation costs to needy people around the world. The offering on Thanksgiving morning will be used for the purpose.

Boy Scout troop 56 meets on Friday, at 7 p.m. Mr. Donald Tibbetts will preach at both services next Sunday morning. Released time classes are held on Monday, at 1:15 p.m. A Bible study group for women has been organized, and will meet each Wednesday, at 10:30 a.m. in the parish house. The union Thanksgiving service of the Protestant Churches will be held this

MARGUERITE R. ORNE COMPLETES TRAINING
(AHTNC) - Pvt. Marguerite R. Orne, daughter of Mrs. Lillian R. Taylor, 38 Sever st., Charlestown, recently completed eight weeks of basic training at the Woman's Army Corps Center, Fort McClellan, Ala. Private Orne, whose father, Frederick L. Orne, lives in Wilmington, is a 1957 graduate of Wilmington High School.

JOE MEDICO GRADUATES AVIATION RADIO REPAIR SCHOOL

San Diego, Calif. (FHTNC) - Marine Sgt. Joseph E. Medico, son of Mr. and Mrs. Joseph Medico of 136 Federal st., No. Wilmington, and husband of the former Miss Erma E. Converse of Manchester, N.H., graduated Nov. 4, from the Aviation Radio Repair School at the Marine Corps Recruit Depot, San Diego, Calif.

During the 14-week course the students were trained in the advanced theory and maintenance of radio equipment used by Marine aviation detachments and associated ground units.

PAUL GAGNON GETTING DISCHARGED

Please discontinue sending me the paper. I am getting discharged next month.

I want to thank everyone who made it possible for me and all other service-men to receive the paper. During my 4-years in the Air Force I enjoyed reading the crusader very much.

Thanks again,
Paul Gagnon

PAUL THIEL STATIONED IN BERMUDA

A-1c Paul E. Thiel is presently stationed in the AACSRON, at Kindley Air Force Base, in Bermuda.

His old address was in Panama, the Canal Zone.

ROBERT TUFTS ADDRESS UNKNOWN

The new address of A-3c Robert F. Tufts, AF 1246-1707, is unknown to the Crusader office. If anyone knows of his address would they please contact the Crusader Office so we may continue to send Robert the paper again, as we do all servicemen free of charge.

His former address was:
Headquarters Sqdn, 6332
Air Base Grp., APO 239
San Francisco, Calif.

TWO LOCAL RESIDENTS WENTWORTH STUDENTS

Boston - Local residents were among the 1500 students registered for the evening school courses at Wentworth Institute which trains industrial and engineering technicians, according to an announcement today by H. Russell Beatty, Wentworth president.

This is the largest class in Wentworth's history to enroll in the evening school which also has an associate in engineering degree program.

With the enrollment of the day and evening schools, Wentworth Institute of which Sinclair Weeks is the chairman of the board of directors, it has a record breaking student body of approximately 2700 students.

Attending evening classes are Robert F. Vosmus of Shady Lane Drive, and Arthur R. Moore of Ledgewood Road, both of Wilmington.

JUDITH GRATCYK IN MUSICAL

Judith Gratcyk of Wilmington, has been cast for an important role in the coming musical show, "Cadenza at Eight," to be presented on the campus of Lasell Junior College, Auburndale, on the evenings of Nov. 21 and 22.

Produced entirely by the Workshop Players, Lasell's student dramatics group, the show will be in the form of a two-act revue, and will feature dance numbers, comedy and dramatic sketches, and solo and group singing, as well as scenery and staging by the Lasell art department.

Miss Gratcyk, a Lasell freshman, is the daughter of Mr. and Mrs. E.V. Gratcyk, of 34 Grove Avenue, Wilmington.

NAVAL WOMAN MAYOR UNKNOWN

San Juan, P.R. (FHTNC) Mrs. Olga P. Miller, a Navy wife from Chelsea, has put quite a feather in the cap of womanhood by her service as the first women mayor of the San Patricio Naval housing area located near San Juan, Puerto Rico.

She has served "her" housing area of 450 Navy Families successfully and capably since June.

Asked how she "worked-in" caring for her family of two boys, her husband and her position as mayoress, she replied, "Well, occasionally it turns out to be quite a tight schedule, but things always seem to work out even if sometimes I have to take the children to the council meetings with me when my husband has to work."

Her busy curriculum includes presiding over council meetings each week, representing the community in all council recommendations to the commanding officer of the Naval Station at San Juan, and insuring evening entertainment and recreational facilities are provided for the Navy families.

It may be added that Mrs. Miller deserves a little extra credit since this is her first attempt at working with community affairs and problems.

She is the wife of Clarence V. Miller, storekeeper first class, USN, of Oroville, Cal., who is serving at the Naval Station, San Juan.

ARMY INCREASING IN POPULARITY AMONG MEN ENLISTING IN THE ARMED FORCES

Army recruiting is definitely on the upswing, according to figures released today by the Army Recruiting Main Station at the Boston Army Base. The figures indicate that, for the first time in many months, the Army Recruiters surpassed their objective in September and October.

When asked for his opinion as to the reason for the trend, Lt. Col. Thomas B. Spiller Jr., Commanding Officer of the Boston Army Recruiting Main Station, said he believed that there were many factors involved but that the Army Guaranteed Technical School program was a prime factor

The Army is the only service which gives a young man a written Guarantee, before he enlists, that he will attend the Technical School of his choice, this plus the fact that the 150 technical Schools operated by the Army cover nearly every subject imaginable, gives every young man the chance to receive valuable training and experience in the career field he intends to follow later in civilian life.

Another factor mentioned by Colonel Spiller is the fact that enlistees are allowed to select their own arm or service within the Army, such as Quartermaster, Corps, Ordnance Corps, Corps of Engineers, Signal Corps or in the case of adventure-bent young men, the Infantry, Artillery, Armor, Airborne or Special Forces.

In the last analysis, Col. Spiller credits the Army's rise in popularity to its "Choice Not Chance" program for young men shopping for the most advantageous way to fulfill their military obligation.

DAV HOLDS TAG DAYS FOR RETARDED CHILDREN

The 140,000 mentally retarded children in Massachusetts will receive a big boost from Disabled American Veterans, Department of Massachusetts, and their Auxiliaries when they sponsor a tag day project to benefit the retardates.

James Simpson of Wilmington is Chairman for Wilmington Chapter 106 D.A.V. and Mary Sottile is Chairman for the Auxiliary.

Tag days will be held on November 26 and 27, the two days immediately preceding Thanksgiving. The theme of the project will be, "Make Today Their SUN Day" - to help retarded children come out of the shadows and into the light of Community understanding.

The Disabled American Veterans and their Auxiliaries will contribute the funds that they raise to aid the 1957 Thanksgiving Crusade for Retarded Children which will be in progress from November 17 to Dec. 7, throughout the state.

Funds raised by the Thanksgiving Crusade will be used on the local level to help establish more nursery programs, vocational training, and social adjustment training. They will also be used to support programs of the Massachusetts Association for Retarded Children such as the establishment of

Housework is easier . . .

scholarships for training personnel to work with retarded children, and for research into the causes and prevention of retardation.

FAMILY NIGHT SUPPER SPONSORED BY ADULT FELLOWSHIP OF METHODIST CHURCH

A family Night Supper will be sponsored by the members of the Adult Fellowship for all the families of the Wilmington Methodist Church on Saturday evening, November 23 at 6 p.m. Families will bring a covered dish with meat and vegetables for their entire family and the fellowship group will serve rolls, milk, coffee and dessert.

A brief program has been planned for the children and adults for the supper hour. Miss Mary Ann Hoffman, director of Religious Education at the South Tewksbury Methodist Church will speak

briefly to the parents on the topic: "The Church and the Home." Miss Hoffman is a graduate student at the Boston University School of Theology and a graduate of Morningside College in Sioux City, Iowa. Copies of the family magazine "The Christian Home" will be distributed at this time.

The entire evening program will conclude promptly at 8 p.m.

ST. DOROTHY'S CHRISTMAS BAZAAR

Mrs. Edward Sullivan of Grove Ave., and Mrs. Walter Currier of Cottage Ave. are co-chairmen of the White Elephant table at the Christmas Bazaar being run for the benefit of St. Dorothy's Parish Building Fund, December 6 and 7.

Anyone having any articles that could be sold on this table may have them called for by getting in touch with any of the committee.

LORRINE BRENNICK TO REPRESENT ST. THOMAS C.Y.O. AT PHILADELPHIA

Approximately 2000 C.Y.O. members from all over the United States and its territories are expected to be on hand at the National Catholic Youth Convention to be held in Philadelphia over this week-end.

Among this large group will be a young lady from our town who will most ably represent St. Thomas' C.Y.O. Lorraine Brennick, daughter of Mr. and Mrs. Leo Brennick of Boutwell St., a senior at Wilmington High School will be among the group to leave from the Immaculate Conception Church in Winchester on Friday morning.

Among other dignitaries, Lorraine hopes to meet Bishop Fulton Sheen and movie star, Irene Dunn. She expects to arrive back in Wilmington in time for classes on Monday morning. Miss Brennick states that she could not possibly miss school on Monday even after riding all night in a bus, you see, Monday is her birthday and she must be at school to help her class mates celebrate.

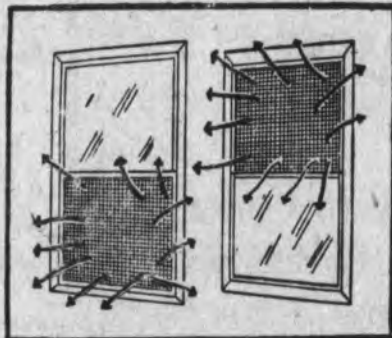

Antarctic trail parties are constantly supported by Navy ski planes and helicopters during Operation Deepfreeze.

LIONS' ROAR

Last weeks meeting was held at the Betterment Hall and the Guest speaker was Miss Ellopoulos, Manager of the Lowell Social Security office. She spoke on the Benefits of Social Security and its meaning to each and everyone of us. At the close of her talk she opened a question and answer period

and many increasing points were brought forward. Next weeks speaker, so far, has not been submitted by the committee, but rest assured, it will be an interesting speaker.

The committee on the recent cake and donut sale at Tony's Donut Shop wishes to extend its thanks to you, the public, for the fine response to the Lions' Club in their endeavor which was such a grand success. All the cakes and donuts donated were sold and the committee were very grateful to you for, without your cooperation, nothing we undertake could be successful. Chairman DeFelice wishes to also thank the members who gave

of their time and to the wives for their donations and assistance.

Sat. night will see most of the boys down in Stoneham along with their wives on the occasion of the Six Club Zone Social Affair. Jim Doherty has promised a good time to all who attend and from what I hear he means all he has said, the committee has gone all out for this occasion.

King Cushing wishes to remind the members that their attendance on Sat. night will count for the Nov. 27 meeting which is being cancelled due to the holiday and the zone affair. Well, I guess that about all for now, so until Sat. night in Stoneham

I'll be seeing you.

The Small Cub

FIRE LOG

On November 5 at 8:04 p.m. the ambulance was summoned to transport Mr. Leo O. Connolly of Faulkner Ave. to Winchester Hospital.

On November 6 at 6:35 p.m. the ambulance was summoned to take Lawrence Carr, Jr., to Winchester Hospital from his home on Wildwood St.

On November 7 at 7:10 a.m. the ambulance was summoned to transport a four year old Ceivillo child from 53 Warren St., Tewksbury to St. Johns Hospital.

On November 8 at 12:10 p.m. the ambulance was summoned to take Mr. Letellier of Shawheen Ave., to St. John Hospital. At 8:50 p.m. the ambulance was again called to take Fred Chisholm of Church St. to St. John's Hospital. At 9:00 p.m. rescue one was dispatched to Main St., where a wire was down.

On November 9 at 6:35 p.m. engine four responded to a call to fight a brush fire on West Jamaica Ave.

On November 10, the ambulance was summoned to take Mrs. Cornielussen of Main St. to St. John's Hospital.

On November 11 at 10:10 a.m., a flooded oil burner sent firefighters to a Marion St. dwelling. At 4:40 p.m. a brush fire occurred on Fitz Terrace. Engine 2 responded. At 5:30 p.m. the ambulance was summoned to take Mrs. Ward of Oakdale Rd., to Winchester Hospital.

On November 12 at 11:00 p.m. the ambulance was summoned to transport Clarence Venoit of Woburn to Choate Memorial Hospital. Mr. Venoit was the victim of an automobile accident at the Woburn line.

On November 13 at 12:10 a.m. the ambulance was summoned to take Mrs. Hagerty of Hathaway Rd., to St. John's Hospital. At 10:50 a.m. the ambulance was called to take Mrs. Joyal of Sherwood Rd., to Winchester Hospital.

On November 14 at 1:58 p.m. the ambulance was summoned to take Annie Holly of Forrest St., to Winchester Hospital. At 4:40 p.m. a roadside fire broke on Park St. engine 4 responded. At 8:24 p.m. rescue one went to Woburn St., where a wire was down.

On November 15 at 9:00 a.m. the ambulance was

called to take Mrs. Annie White of Lowell St., to Mass. General Hospital.

On November 16 at 9:12 p.m. the ambulance was summoned to take Donald Weed of Essex St., to Winchester Hospital. At 10:30 p.m. the ambulance was again called to take Mrs. Chiefitz of Salem St., to Mass. Memorial Hospital.

On November 17 at 9:30 p.m. the ambulance was summoned to take Mary Buckley of Malden to Choate Memorial Hospital. Miss Buckley was involved in an automobile accident on Adams St. extension.

footed creatures they were hunting. At least, none of them brought any back with them.

So far we have had a very slow season as far as fires go; as I stated before the fire department is one of the few who can say that no business is good business. We have been getting a good share of rain lately which helps matters considerably as far as the wood fires go.

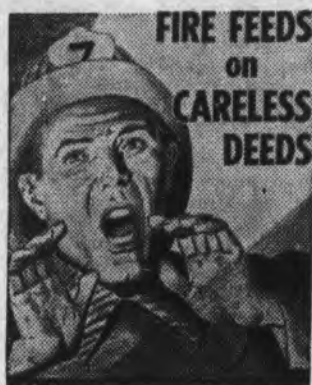

The drawing books are going along fine and the response from the public has been most gratifying, some are even calling the station asking for books. If you haven't got yours yet, you can get them by calling any member of the association and he will be only too glad to accommodate your wish.

Get well wishes to Mrs. Dewhurst who is confined to the hospital in Saugus. The men in the department are grateful to the various people who have sent notes and cards commending them for the kindnesses extended them or members of their families on the occasions when their services have been required on the ambulance, etc. Some people like to talk about the firemen's job and it means a lot to us when those who do think enough to send a card of appreciation do so. This paper, I'm sure, will print any such letters or cards when credit is given to the men in the department.

Thursday night is the meeting of the Middlesex County Forest Wardens Association which will be held in Reading at Chief Eames new station on the West side. Several of our own men are planning to attend. Chief Eames is proud, and has just cause to be, of them and will be host on Thursday night. Well, so long for now, so until next week. I'll say again, "don't give fire a chance place to start."

Your friendly firefighter.

WILMINGTON FIREMEN'S ASSOCIATION

Well, here we are once again and a question to the Editor is the first thing I want to ask. Several persons have asked me this one so I'll pass it on to you: What happened to the cut that usually heads this column? Several called the station to tell me the column wasn't in the paper and I had to look twice for it, for I myself look for that picture which you so graciously made a part of our little column.

The boys are all back from up the woods on their hunting trips and had no luck as far as the four

NATIONAL ASSOCIATION FOR RETARDED CHILDREN

EMARC INCORPORATES NOVEMBER 15

A small group of persons left the office of Attorney Moses M. Frankel, Monday, October 14 after witnessing the completion of an important step in the growth and progress of one of the area's newer organizations. The East Middlesex Assoc. For retarded children. The group was composed of officers of EMARC and the occasion was the witnessing of the incorporation of the organization.

Just a few short years ago, EMARC, Inc., had its birth when a little group of parents, confused and frustrated, confronted with a mutual problem, gathered together to exchange ideas and to seek better ways of dealing with retarded children.

The first meeting gave impetus to the formation of an association for retarded children. Those parents, many of them for the first time, glimpsed what could be accomplished through sharing problems, working together towards solutions and bringing out of the dark gloom of silence and ignorance the entire problem of mental retardation. Enthusiasm sparked the organizing of the Wakefield branch of BARC (Boston Association for Retarded Children). Guided by Boston organization, the group held regular meetings. Word of the group spread to surrounding towns and bewildered parents came to visit and remained to become active members.

In 1956 it was evident that no longer could the group be a "Wakefield Branch" and EMARC was formed, including the nine municipalities of Stoneham, Wakefield, Reading, North Reading, Winchester, Melrose, Burlington, Wilmington, and Woburn, and EMARC, became a separate organization apart from BARC. Now EMARC, can boast 100 active members.

Grateful parents flocked to the Wakefield YMCA the fourth Wednesday of every month to hear eminent and authoritative speakers, to exchange ideas and experiences. A Saturday recreational group for adolescents was established. A nursery school for pre-school young-

sters was begun. Through the interested cooperation of a Wakefield clergyman, religious services were tailored to the needs of the retarded and proved a heartwarming success.

Two years ago, EMARC held its first fund raising campaign and today EMARC Inc., has as its purposes, to which it is and always has been dedicated:

1. To foster the development of integrated progress on behalf of retarded children.

2. To encourage research with respect to retarded children.

3. To strive for important provisions for diagnosis in confirmation with Chapter 180 of the General Laws of Massachusetts.

4. To develop better understanding of the problem of mental retardation by the public.

5. To co-operate with all public, private and religious agencies and with professional groups in furtherance of these ends.

6. To associate with similar associations in the Commonwealth and in the United States to promote the common cause.

7. To solicit and receive funds for the accomplishment of the above six purposes.

"The purpose and essence of the corporation, being a purely benevolent and charitable organization, gives it the power to receive gifts, legacies and donations from any source and to make gifts and appropriations from its reserve to carry out the objectives and purposes of the corporation."

THE WILMINGTON RECREATION COMMISSION

Offers You A Fall & Winter Program

Programs to start on Wednesday, November 20, in the High School Gymnasium.

All programs are designed to meet the needs of the individual and the group as a whole.

To Take Part: One must be a resident of the Town of Wilmington and shall wear sneakers while taking part.

Ladies Night Out:
Wednesday, 7 - 10 p.m., 18 years and older.

A supervised program designed to meet the needs of all. It will consider such factors as age weight with activities that will include physical culture, individual sports, volleyball, badminton, basketball, and social dancing if requested.

Working high school seniors and college students are also invited to attend this program.

Mens Night Out:
Thursday - 7 - 10 p.m., 18 years and older.

A program to suit all ages and abilities. Individual sports, volleyball, badminton, weight lifting, boxing, physical culture, and basketball.

Working high school seniors and college students are invited in this program.

Dad and the Boys:
Saturday - 7 - 10 p.m., 16 years and older.

Saturday will be devoted to more highly skilled activities such as a basketball league. However, others may take part as time permits. A league will be organized and a schedule of games will be followed.

Afternoon For Boys:
Saturday, 2:30 - 4:00 p.m.

4:00 - 5:30 p.m.

Saturday afternoon will be broken into two divisions one for boys between the ages of 10 and 13 inclusive and the other for boys between 14 and 18 years of age that are attending school.

Special instruction in fundamentals and skills of basketball will be available and a league will be organized.

L. H. Cushing

TOWN DEMOCRATIC COMMITTEE ACTIVITY

Members of the town Democratic Committee attended the banquet at the Commonwealth Armory last Friday evening, given by the State Democratic Committee as a salute to two favorite sons of Massachusetts.

Feted at the banquet were Senator John F. Kennedy and Congressman John McCormack, who were assured of the support of Mass. voters in their bid for the nomination of Senator Kennedy to the Presidency in 1960.

While Senator John Pastore of Rhode Island extolled the virtues of Senator Kennedy, Governor Furolo and ex-Governor Paul Dever pledged their help, along with the many leading citizens of the towns and cities of the Bay State.

Local citizens of Wilmington who attended the affair were James McLaughlin, newly elected chairman of the town democratic Committee, Ernest Crispo, John Davis, Harold McKelvey and Henry Filippone. A crowd of over six thousand represented the 351 communities of the State in what was the largest banquet ever held.

Local Democratic Party Action:

The first meeting of the Town Democratic Committee under the chairmanship of James McLaughlin was held

Sunday at the Home of Hank Filippone.

Indicative of the rapidly growing interest of citizens in local affairs was the attendance at the meeting. Where once a meeting was more or less a cut and dried affair, new faces and ideas are springing up and the Wilmington Town Democratic Committee promises to become very active again.

Calling on all citizens of Town, Mr. McLaughlin urges them to vote at the election for State Representative in December. Free transportation to the polls will be provided by the Town Democratic Committee by calling OLiver 8-8393. Mr. McLaughlin added, "of course I expect you to vote Democratic."

V.F.W. Saturday Matinee:

The feature presentation of the movie for next Saturday, will be "Ginger", starring Frank Albertson and Barbara Reed, along with a comedy, cartoon and chapter 7 of "Perils of the Royal Mounted Police".

These movies start promptly at 2:00 p.m. and are generally over at 4 p.m. Admission price is only 15 cents per child, and candy and tonic is available.

Parents are requested to call for their children at 4 as the kiddoes are not allowed to leave unless called for. Take advantage of these carefully selected films and give the children a bit of recreation on Saturday afternoon.

FIRST BAPTIST CHURCH

Thursday - 7:30 p.m. at the Parsonage, 173 Church St., "Hour of Power", Informal Bible Study, Testimonies, Singing and Prayer. Don't deny yourself a real blessing! Come for that mid-week lift.

Friday - 8:00 p.m. "Church Fellowship Night and Cot-

tage Prayer Meeting", at the Arbo's on Nickerson Avenue.

Saturday - November 23, B.Y.F. Roller Skating Party. Young people will meet at the Parsonage, 173 Church St. at 6:45 p.m. and will leave for the Wallex Arena promptly at 7:00 p.m. Young people will be home between 11:15 and 11:30.

Sunday Morning Worship Service at 11:00 a.m.

This Sunday, November 24th, marks the beginning of a ten day visitation campaign. The purpose of visiting in the homes of members and friends is not to solicit pledges, for the church in supporting its work and building program through the Biblical method of tithing. This visitation, will be primarily for the presentation of the Church's program to those who do not have a church home at this time, and to encourage present members to strive for a greater devotion to the work of Christ both here and abroad. At the morning service, there will be a dedication of the workers who will

call in the homes. The Pastor will preach a "Thanksgiving" Message based on the text Psalms 82:1 "It is a good thing to give thanks unto the Lord."

Twin lavatories add extra convenience...
especially when they're **AMERICAN-Standard**

Stars of this beautiful bathroom - featuring American-Standard plumbing fixtures - are the beautiful Companion lavatories. Made of easy-to-clean, non-chipping, genuine vitreous china, these lovely lavatories will give you many years of double convenience, double beauty.

Fitting partners for the Companion lavatories are:

THE MASTER PEMBROKE BATHTUB and THE COMPACT TOILET

The Master Pembroke is a big, roomy tub—5½ feet long. It is made of rigid cast iron and finished with a beautiful satin-smooth enamel that will retain its beauty through long use.

The smart Compact toilet is made of stain-resistant, genuine vitreous china and features a quiet, thorough flushing action.

All American-Standard plumbing fixtures are available in exciting decorator colors in addition to sparkling white. Top off your bathroom with colorful Monogram fittings... they can be engraved with your own initials and come with firm-grip, translucent handles in clear or five colors.

D.A.V. HI-LITES

With the approaching Christmas peak season in our Post Office Department, and the resulting need for auxiliary help in handling the tremendous work load, it is the hope of the Disabled American Veterans that all Post Masters will return to the once universal practice of considering veterans for temporary Christmas employment before all other groups. The great majority of these men fall into the category of family men who certainly show the greatest need for this opportunity to earn supplementary funds to insure their families a happy and bountiful Christmas holiday. For a few years after World War 2, the practice of hiring the veteran group first was stringently observed. But in recent years this has not been the case, for reasons unknown to us. We believe that it is in the Post Office Department's own best interest that they employ adult, conscientious men upon whom they can depend in their critical Christmas season.

D.A.V. Chapter 106 and Auxiliary wishes to remind

all that they will be stationed at all the principal business locations in Wilmington on next Tuesday and Wednesday, Nov. 26 and 27, aiding the fund drive for Retarded Children. We hope that everyone will help to make this Thanksgiving the most important one in the lives of 140,000 deserving children.

National Service Officer James Sayre visited Chapter 106 Headquarters on last Monday evening to assist veterans and their dependents with any of their problems in regard to veterans' benefits. He will also be available on Monday evening, November 25, from 6:30 to 8:30 p.m. at the Mayor's Office, City Hall, Lowell, for the same purpose.

Any disabled veterans in the area desiring information about joining William Tattersall Chapter 106, D.A.V., should contact Commander James Simpson at OL 8-2633. This is a growing, active chapter and all disabled veterans in Wilmington and vicinity are invited to sign up.

AUTHORITY ON CRIME COMMISSION TO SPEAK IN WILMINGTON

On Thursday evening, November 21, the Men's Club at the Wilmington Methodist Church will have a Dinner

Meeting and Mr. James H. Burns, the Chairman of the Committee on Social Relations for the Massachusetts Council of Churches, will speak to the men on the facts brought to light in the Crime Commission Report on the subject of illegal gambling.

Mr. Burns states that the religious forces in Massachusetts are convinced that the informed public opinion could wipe out illegal gambling in Massachusetts.

To build up the educational undergirding for such support, the churches of Wilmington are beginning distributions of a digested report of the official Crime Commission's report. Some 50 pages from the first 212 pages of the complete report were condensed and reproduced in photostatic form by a subcommittee on gambling formed from the Department of Social Relations of the 1800 churches of the Massachusetts Council of Churches.

Mr. Burns states that much of the literature distributed in the past has rested on a moral appeal, while the new material is factual document evidence which shows how gambling is carried on, how it affects society, and the economy, as well as the corrupting influence on law

and government.

He says that illegal gambling cannot exist in any area without the protection of law enforcement officers and the consent of public citizens who are ignorant of, or wink at, these activities.

The eventual goal of the Council and the local committee will be the wiping out of legalized pari-mutual betting in communities where it exists. The speaker stresses the need for informing the public about certain little-publicized facts brought to light in the crime commission report. For instance, Mr. Burns states it often comes as a surprise to state and public officials that only 27 cents of each dollar bet on horses through a bookie returns to the betters. At the track 85 cents on the dollar is redistributed in pay-offs.

The local churches seek to encourage the formation of citizens' committees in various localities. Similar groups of interested citizens, with the help of the Council of Churches, already have helped to defeat locating of tracks in such areas as Peabody, Bellingham, Pelham, and Norwood.

The Crime Commission's report proposed sixteen bills to remedy gambling conditions in the state. One bill

already made law provides that a bookie on second conviction, with a five-year period, must serve a jail term. The other fifteen bills, the Massachusetts Council of Churches plans to interpret and distribute before the Legislature convenes.

Mr. Burns states that one official had estimated that there were 10,000 bookies in the state and it was the hope of religious and secular leaders that a real active leader for each bookie could be lined up to fight gambling in all its forms.

"It's a two billion dollar problem," declares the speaker, describing the vast scope of spending by gamblers themselves and in the operation of the multivarious branches of the business.

"Bookie-betting leads the gambling fields," says Mr. Burns, "Followed by sports pools, pinball machine operations, and the numbers racket."

In many instances small business is swallowed up, unless its operators pay off to the racketeers. Many enterprises are forced to take on gambling as a secondary activity in order to survive. It all builds up to a tremendous pressure, which could swamp the Commonwealth in a racketeer economy. The pressure is unmerciful and even penetrates some police departments.

Indifference of citizens is another factor which trips effort to bring pressure to bear on law enforcement authorities.

For every dollar taken in, four dollars are spent in many fields of effort combating conditions brought about by the gambling scourge.

ANNUAL METHODIST CHURCH FAIR COMING

The Annual Fair of the Wilmington Methodist Church will be held Wednesday and Thursday, December 4 and 5. It will open at 1 p.m. on Wednesday, December 4, and 2 p.m. on Thursday, December 5. Supper will be served each evening at 6:30 p.m. CHARACTERISTICS OF WINTER will be the theme of the Fair.

Each Circle of the Church will sponsor a booth, carrying various articles such as aprons, doll clothes, fancy work mittens, and gifts for Christmas giving, etc. There will also be booths where you may purchase home cooked food and candy. At the White Elephant Table, one may find many useful and interesting articles. There will be Grabs for the Kiddies. A Coffee Shoppe will be open all hours of the Fair. DO DROP IN!

"GRATITUDE: THE MATURE EMOTION" SERMON THEME AT WILMINGTON METHODIST CHURCH, SUNDAY, NOVEMBER 24.

The Rev. Richard E. Harding, pastor, the Wilmington Methodist Church will preach on the theme: "Gratitude: The Mature Emotion", Sunday, November 24 at 9:15 and 11 a.m. The topic is taken from one of the chapters of Dr. Harry and Bonaro Overstreet's latest book, "The Mind Goes Forth."

Members of the congregation will hear a summary report of the Every Member Canvass which was held last Sunday with nearly seventy members and friends of the church serving as canvassers.

V.F.W. DUGOUT DOINGS

Members of the dugout were sorry to receive a letter of resignation from Commander Fred Lloyd, who, due to business activities, was forced to resign. The club offers its thanks for a job well done, Fred, and I wish you good luck on your new job.

The social Saturday night, was well attended and a pleasant time was had by all. Brownie did the cooking, Phil Leduc did the serving, the juke box played and everyone danced, even Stan. Four turkeys were raffled off on the annual Turkey fete and even one of my buyers won one.

At the last regular meeting, the letter of resignation of Commander Fred Lloyd was read and accepted.

Sr. Vice-Commander Brown, moved into the Commanders chair and Junior Vice-Commander John Demers went into the Seniors Chair. A meeting has been called for Thursday, November 21, at 8:00 p.m., purpose being to elect a Junior Vice-Commander.

Hank Filippone, chairman of the new building committee, wishes to notify the committee members that a meeting of the board will take place one half hour before the regular meeting will start. As this business is rather important, it is his request that the meeting take place promptly at 8:00 p.m. and that all members attend.

Chaplain's Corner:

Harry Reed back home and feeling a bit better - Snuffy Smith still having his aching back - Bill Berry should look good with his new Dental adornments - Bob Cain and Bill Simmons gradually getting over the births of their fourth child each - Jack Madigan complaining about soreness of his legs and then jitterbugging like mad at the Social, everyone seems to have got over the Flu scare.

New Activity:

The annual Christmas Party is being planned and will be directed by John Demers. The program and date will be announced next week, so keep tuned in to this column.

Next months social will be under the direction of Hank Filippone and the promise of an old fashioned party night will be made. A surprise program is in store and many new faces will be in attendance. Plan now to attend. The Friday night movies will not be held this week, due to a shortage of support. Enough said.

Idle Thoughts:

How nice it was to see Al Fenton at the last meeting, and when will we be seeing Moe, Bill Berry, Angie Ingaharro and Charley McCann? - Madigan running around like mad to get new curtains for the dugout. Be careful Jock, Muriel may find a job for you at home - What time was it when Mother Simmons finally got home Sunday morning. He said his fifth goodnight at least three hours after his first.

Dues for 1958 are now acceptable. It is the wish of our Commander to achieve 100 percent membership by January 1st. Dues may be paid to Tom O'Connors, Commander of the Steward. Membership has increased greatly in the past year and it is hoped that it will continue to rise.

FIRST BAPTIST CHURCH

Sunday evening Service 7:30 p.m. will be a missionary service with Rev. Fred Kendal, guest speaker. Rev. Kendal is general director of Israel's Remnant, an evangelical testimony with headquarters in Detroit, Michigan. He was born in England, and is the third generation of a Russian Jewish Rabbinical family to have put its faith in Jesus as the Messiah of Israel. Besides his duties as a lecturer in Colleges and Bible Schools and an author of several pamphlets and magazine articles.

Mrs. Dolores Chernoff will be guest piano soloist, and will accompany the mixed quintet which will sing "The Lord is My Shepherd" and "But This I Know".

V.F.W. TO MEET

The regular meeting of V.F.W. Post 2453 which would normally fall on the last Thursday of the month (in this month's case, Thanksgiving) has been given a new date. Due to the holiday, the meeting has been moved up one week to November 21.

This will be a most important meeting at which a new Junior Vice Commander will be nominated and elected. All members are urged to attend.

A fuse is safest when it is weakest. Use not over 15 amp electric fuses in branch circuits to lights.

MISS CHAPMAN WEDS

ROBERT SUTTON

White chrysanthemums decorated the Methodist Church on Saturday, Nov. 9, for the marriage of Miss Carol A. Chapman, daughter of Mr. and Mrs. Carl Chapman of 103 Aldrich Road, and Robert E. Sutton, son of Mrs. Lavinia Sutton of 9 Diriam Circle, Tewksbury and Ernest Sutton of Woburn.

The Rev. Richard E. Harding united the couple as Richard Wilson sang, "Oh, Perfect Love," and "The Lord's Prayer," accompanied by Mrs. Staveley at the organ.

The bride wore a white chantilly lace gown, fashioned with mandarin collar and long pointed sleeves. The full skirt was of tulle, with appliques of lace, and a lace overskirt. Her fingertip veil of French illusion fell from a pleated, tulle, fan-shaped headpiece studded with pearls. The bride carried a prayerbook with orchids as she was escorted to the altar by her father at the 8 o'clock evening ceremony.

The new Mrs. Sutton was attended by Miss Shirley Sutton, sister of the bride-honor, and by Miss Mary Corella as bridesmaid. The attendants wore emerald green crystalete gowns fashioned with basque bodice and back bows with streamers. Their brilliant studded headpieces matched their gowns. Mums decorated the wicker rings they carried.

Serving as best man was a brother of the groom, James Sutton, while John Deely and William Sanborn served as ushers. Robert Scmmler was the little ring bearer.

The mother of the bride

wore a navy dress with white accessories and gardenias, and the mother of the groom wore navy with beige and orchids.

Following the ceremony a reception was held in the vestry of the church. Miss Grace Sutton, sister of the groom, was in charge of the guest book.

The couple left on a motor trip Niagara Falls, Detroit and Canada. Upon their return on Nov. 16, they will live at 175 Salem St., Tewksbury.

The bride wore a black and white, fitted suit with white fur hat, white gloves, and black handbag and shoes as she left on her wedding trip.

The new Mrs. Sutton was educated in Wilmington Schools and is employed as a dental assistant in Reading. She is a member of the Rain-bow.

The bridegroom also was educated in Wilmington and is employed as an iron worker. He served three years in the paratroopers.

Guests from Melrose, Everett, Topsfield, Reading, Woburn, Wilmington, Tewksbury and Port DalMousie, Ontario, were present for the occasion.

ST. DOROTHY'S ANNOUNCEMENTS

Choir rehearsals are held at St. Mary's on Tuesday evenings at 7:00 and on Thursday afternoon at 3:30.

Religious instruction classes are held each Saturday morning at 9:30 at the Shawshen School, St. Mary's Church and St. Dorothy's Hall. Wilmington children in the fourth and fifth grades who have been coming to St. Mary's may now

come to St. Dorothy's Hall for their instructions. Tewksbury students in the junior high and high school must attend classes at St. Mary's on Thursday evening at 6:45.

The parish priests extend their gratitude to the men of the Holy Name Society and to all who helped and to those who loaned the use of their trucks for the success of the paper drive which was held recently.

Saturday morning at 8:00 at St. Mary's Church there will be a requiem high Mass for all the deceased of the parish and at 8:30 there will be a second anniversary high mass of requiem for Francis Baroski.

This Sunday is communion Sunday for all the boys of the parish.

The Bishop's Thanksgiving clothing drive is now on. Please bring articles of good used clothing and shoes to the rectory.

All boys and girls of high school age are invited to attend a C.Y.O. organization meeting on Thursday evening at 7:30 at St. Dorothy's Hall.

Preparations are being made for the annual parish bazaar which is to be held next month. Prize books containing 32 grand prizes are now available. Donations for the white elephant and clothing table will be gratefully accepted. Please take your donations to the rectory.

The priests of the parish are grateful to the Blitz committee for the proceeds of last Tuesday night's Blitz party. There will be another in this series next Tuesday evening at St. Dorothy's Hall.

They are also grateful to Mrs. Walter Coyne and her committee for the proceeds of last Friday's whist. This Friday evening Mrs. Gerald Schena and her assistant will conduct the whist party at St. Dorothy's Hall.

Student altar boys will meet at St. Mary's on Monday evening at 7:00 p.m. for their instructions.

The Novena in Honor of Our Lady of the Miraculous Medal is held each Monday

evening at St. Mary's at 7:45.

The parish census will be taken this week on Glen Rd. and the side streets thereof.

LEGION WHIST WINNERS

Arthur Harper, chairman of the American Legion turkey whist, held last Thursday at the high school, extends his thanks to all who made the affair so successful. This includes all who donated gifts, committee workers, fellow Legionnaires and all who attended the party. The committee assisting Mr. Harper included: Vice Commander Walter Collins, James Duchard, Arthur Ahearn, Frank Thibau, Joe McMahon and Past Commander, Jimmy Castine.

The door prize winner was Mrs. Starr of Columbia St., and winners of the turkeys were B. Gair and Joe McMahon. Top whist winners were as follows: E. Crispo, Frankie Pellerin, Mrs. Elizabeth Kelley, Lillian Bloquiere, Woddy Anderson, Laura M. Reid, E. Winters and M. Donahue.

DAUGHTER FOR THE DOWNS

Mr. and Mrs. Cleson Downs of Shawshen St., Tewksbury are receiving congratulations upon the arrival of their daughter, Cheryl Ann. Cheryl Ann was born at Winchester Hospital on Sunday, November 17. The couple has two older children, John and Stephen.

Grandparent honors are being shared by Mr. and Mrs. Albert Richards of Woburn St., and Mr. and Mrs. Glenn Downs, also of Woburn. This lucky girl also has two great-grandparents, Mrs. Lena Downs of Warren, Vt. and Mr. Pearl Carpenter of Waitsfield, Vt.

PROTESTS SIGNS

Harold McKelvey of South Wilmington, many times termed as the mayor of South Wilmington, prominent citizen and past chairman of the State and Federal Aide committee under former chairman of the Board of Selectmen, Kenneth Lyons, called on every citizen of Wilmington to protest in every way the erection of these hideous signs on our beautiful highways and byways.

He further stated that the majority of these signs which have been erected and will be erected in the past - present and future, are on property controlled by non-citizens of our town. He also stated that he will call forth in a body the citizens of Wilmington to protest the defacing of our highways in this manner.

PLANNING PROGRAMS

Commissioner John T. Burke of the Massachusetts Department of Commerce and the office of Governor Furcolo yesterday announced approval of an Urban Planning Assistance Federal grant of \$61,000 for seven Massachusetts communities.

The seven communities for which the grant was made are: Adams, Ashby, Dartmouth, Foxborough, Lincoln, Rayham and Sherborn. The grant includes a \$30,500 to the Massachusetts Department of Commerce which will retain private professional consultants to aid the seven communities set up their planning program over a two-year period.

The latest approval of an Urban Planning Assistance grant raises to \$646,900, the amount made available to 47 Massachusetts communities which will institute planning programs. The federal grant must be matched by the communities involved.

Other communities which have received federal grants for planning include: Hingham, Hult, Scituate, Walpole, Weston, Woburn, Saugus, Seekonk, Hopkinton, Maynard, North Andover, Dracut, Paxton, Wilmington, Adams, Ashland, Bedford, Dover, Mansfield, Milton, North Reading, Norwell, Randolph, Canton, Lee, Tewksbury, Duxbury, Great Barrington, Leominster, Winchendon, Billerica, Concord, East Bridgewater, Ipswich, Methuen, Needham, Wayland and Winthrop.

SELECTMAN BOCKO CONTACTS POLAROID ABOUT PLANS FOR A NEW WAREHOUSE SITE

Selectman Stanley J. Bocko, in answer to a letter he had written, received word from Polaroid Corporation that it was seeking land or an existing warehouse closer to its Waltham plant.

In a letter to Plant Engineer Joseph Gibson, Mr. Bocko advised that his attention had been drawn to the fact that Polaroid was looking for a location for another building. He offered his services as host in showing

Polaroid representatives several select sites on Routes 3 and 3A.

Donald G. Clement of the Plant Engineering Dept. of Polaroid notified Mr. Bocko that Polaroid was, indeed, seeking a site, but one closer to its current Waltham plant.

Mr. Clement advised Mr. Bocko that his office would contact Mr. Bocko if it decided to locate a building on Routes 3 or 3A in Billerica.

SELECTMEN ALLOW SECOND CLASS LICENSE

The application of Louis Gilbert of Nichols St., for a second class license to operate a wholesale used car lot at the rear of the Hathaway property on lower Woburn St., was approved by the Board of Selectmen Monday evening. Another application from John Hathaway, was tabled pending clarification of the word "parts" in the application. (A second class license does not allow "junking" cars.

Chairman of the Board of Selectmen, Nicholas DeFelice told Mr. Gilbert that he did not think the Board wished to issue any more second class licenses, and advised the board that he would accept a motion to throw out the three applications it had received asking for second class licenses and a waste product license. However, after hearing Mr. Gilbert explain that he only wanted a place to store cars while awaiting a buyer and that he had no intention of cutting them up and selling parts, the Board voted to allow the license over the objections of Selectman Frank Hagerty who felt that the business would turn out to be "just another junk yard".

Selectman Donald Kidder told the Board that the wholesaling of used cars was a relatively new practice. He said that now a wholesaler will buy out the older used cars that a new car dealer will find his yard clogged with, and then resell them to used car lots. Mr. Kidder made the motion to give Mr. Gilbert a license and revoke it if it were not run properly. Mrs. Drew, who felt that it should be investigated further at first, then seconded the motion. The license was granted.

Mr. Hutchinson also applied for a license to collect rags, metals and papers. This was turned down.

Permission was granted to Arthur Bureau of West St. to conduct a drive for the Eastern Middlesex Association for Retarded Children.

Those Selectmen who are able will attend a meeting tonight conducted by the

League of Women Voters to discuss a regional incinerator. Mr. Hagerty happily remarked that if we were ever to take part in such a program we would have to have rubbish collection.

A letter was received from Louis Elfman advising the Board that he had incorporated his business and wished to have his name changed on his business papers. Mr. Elfman will be advised that new licenses must be issued and new fees assessed.

A letter was received from Board of Health Agent Patrick Thibeaue informing the Board that he had complied with their request that he investigate the Anderson pigery in North Wilmington due to reported complaints from Peter Chernaga, a resident of Park St. Mr. Thibeaue reported that he had visited the plant on three occasions, in varying weather conditions and different times of the day, and on all occasions had found the operation to be performed in strict accordance with the rules of the Board. He said that he found very few flies, no odors or other nuisances.

Mr. Hagerty asked that the Town Manager be asked again about matters that have for some time been hanging fire for some time. Mr. Courtney was attending a conference in Cleveland.

The Town Engineers plan for widening Lake St., met the approval of the Selectmen.

The hours for the special election on Dec. 12, were set for 12 noon to 8.00 p.m.

The Selectmen discussed at length the billboards which have sprung up all over town in violation of the zoning by-laws. No solution was reached, although Mr. Hagerty felt that the election of the signs should have been stopped as they were erected, pending legal action.

"Empty" gasoline cans or tanks may still contain an explosive mixture of gasoline and air. Keep them in a safe place away from children or unauthorized person, preferably outdoors or in some small outbuilding without a cellar or heat.

Light Vote At Primaries

A total of 153 people turned out to vote at the primaries yesterday for the election of candidates for the special election to be held Dec. 10, to chose a Representative to replace the late Charles Wilkinson.

127 Republicans and 46 Democrats voted for their favorites at the High School. Largest vote was received by James Calvin, who polled 45 votes. Other Republican candidates were John Collins, 36 votes, Arthur Gorrassi, 4. Clarence Wedge, 20, and Stanley Rokenetzo, 0.

Democratic vote saw Thomas Donahue ahead with 33, Albert Carlson, 6, Joseph Brawley, 5, and Vincent Nash, 0. Two blanks were counted in the Republican total.

Pocketbook Stolen From Car

Mrs. Ralph Ordiorne of Lowell St., reported to police on Nov. 13, that her pocketbook was stolen from her car while parked on Middlesex Ave. The bag contained \$5.00 and personal papers.

Car Hits Pole On Lowell St.

An automobile driven by Clarence McLellan Jr., of 36 Carlson St. Everett, hit a guy wire and telephone pole on Lowell St., near Williams at 3:45 a.m. Nov. 17. No injuries were reported.

Good Turnout Expected At Town Meeting

A large number of voters are expected to attend the special town meeting next Monday evening due to the controversial Glen Road school. While feeling runs high on one side that the school is too elaborate for the town, the parents of school children, who will be on double session in the fall, will be on hand to see that the children have a chance to spend less than half a year on the dreaded double schedule.

Chapin Chatter

This is the time of year when we husbands begin racking our brains to try to come up with a suitable present for our better halves. If you are anything like me this presents the major problem of the total year. Usually, I think and think, and on the night before Christmas I madly dash to a store and come up with something that even I know, in my foolish masculine brain, she won't want. Perhaps, all the other men are different, and they have just the right thing picked out and bought by this time. However if there are any others like me, here's a suggestion that will delight the little lady, and will be the right size, shape and color, and will delight your pocketbook also.

It's an all copper TANKLESS DOMESTIC HOT WATER HEATER ATTACHED TO YOUR STEAM OR HOT WATER HEATING BOILER.

Your reaction is that I'm probably nuts, but let's examine the facts.

It will provide one hundred and eighty gallons of real HOT WATER (180) per hour for NOTHING from now on throughout the heating season. That's a lot of hot water, and it's CLEAN, you can drink it, or make coffee with it directly from the faucet. Now you're sure I've flipped my lid. Everyone knows it costs from five to twelve dollars a month to heat hot water. But there are thousands of homes in metropolitan Boston, and hundreds here in Reading that have this kind of HOT WATER for nothing. With a TANKLESS HOT WATER HEATER THE WATER IS BEING HEATED AT THE SAME TIME THE HOUSE IS HEATED, AND YOUR BURNER RUNS NO MORE TO HEAT THE WATER.

Don't you think your wife would appreciate all, and I mean ALL the HOT WATER she can use, always piping hot, always clean, always there, no waiting, and no extra bill at the end of the month. Perhaps, you would appreciate that last the most.

If you like the suggestion, it won't cost you anything, and won't have to buck the crowds to come in and get the complete story from us, or call us at Reading 2-3290 and we'll be glad to come to you, at your convenience, and go even it with you.

Happy shopping,
Paul Rimbach
Chapin-Nichols, Inc.
42 Haven Street, Reading

"It pays and pays, in many ways to shop in Reading"

This new-type concrete road will last 50 years . . . and more.

Drive it on America's new Interstate System highways

New-type, sound-conditioned concrete will still be fun to drive in '75

Not a "thump" to be heard on this continuous-laid concrete. It's almost like riding above the pavement, instead of on it. Sound-conditioned concrete has no joints . . . only tiny, sawed cushion spaces. You skim over them and don't know it! "Air-entrainment" prevents surface roughening, keeps concrete smooth. Laid flat, new-type concrete stays flat and will last 50 years and more.

The Interstate System is planned for the traffic of 1975 . . . when concrete laid today will still be "new" and fun to drive.

Built-in safety for Massachusetts highways

The grainy texture of new-type concrete resists skids even when wet. No unevenness, no "fighting the wheel." It reflects light, too. You see up to 4 times better at night on light-colored concrete than on a dark surface.

PORTLAND CEMENT ASSOCIATION 20 Providence Street, Boston 16, Massachusetts

SHOE & FOOT NOTES

by J. Arthur Poltras

The clear impracticability of fostering foot health by tearing up all streets and making everybody run barefoot has left authorities with little to complain about except shoes. This, however, is plenty. As early as 1781 a Dutch physician and anatomist, Pieter Camper, wrote, "It is surprising that while mankind in all ages have bestowed the greatest attention upon the feet of horses, mules, oxen and other animals of burden or draught, they have entirely neglected those of their own species, abandoning them to the ignorance of workmen who, in general, can only make the shoe upon routine principles and according to the absurdities of fashion, or the depraved taste of the day. Thus, from our earliest infancy, shoes, as at present worn, serve but to deform the toes and cover the feet with corns."

In attacking fashion in shoes, Camper and later authorities have made slow progress. Apparently no amount of scientific knowledge or warning is enough to overcome the great central obstacle: a woman's pride in her appearance. Among foot patients women now far outnumber men. Some modern females do buy shoes large enough to fit them, and some wear playshoes like men's. But in the main, women's fashions continue to emphasize the foot as an item of decor rather than of location, regardless of the torture involved. Efforts to alter this emphasis are balked on esthetic grounds, both by the owners of the feet and by men, who through-

out the history have always had strong preferences as to how the well-turned ankle should be presented.

In the days before history women's feet evidently had equal rights with men's feet. Stone age wall paintings found in caves of Spain and southern France, show that all human beings of 10,000 B.C. wrapped their feet in pieces of animal hide, presumably for protection against thorns and sharp rocks. There is no indication that the female foot had yet been singled out for a special treatment. However, when discernible history began women's feet became erotic attractions.

JOINS DISTRICT ATTORNEY'S OFFICE

Middlesex County District Attorney James L. O'Dea, Jr., announced today that Professor John T. McNaughton, of the Harvard Law School faculty, has joined his staff. Professor McNaughton, is associated with the O'Dea office as an assistant district attorney. McNaughton, 35 years old, is one of the nation's authorities on evidence and in collaboration with Professor W. Barton Leach, authored "Handbook of Massachusetts Evidence" in 1956. The book is considered a standard reference book by Massachusetts attorneys.

Professor McNaughton, with his family, has lived in Cambridge since he joined the Harvard faculty in 1953. After his graduation from the Harvard Law School in 1948, he was a Rhodes Scholar at Oxford University and served in Roving Ambassa-

dor Averell Harriman's Marshall Plan offices in Paris.

The association of a law school professor with a district attorney's office is unique in the history of the office. Professor McNaughton and District Attorney O'Dea worked together in setting up the legal internship program which provides training in all phases of the district attorney's work to four law students selected from the law schools of Harvard, Boston College, Boston University and Suffolk University.

The railroads of the United States in 1956 performed the equivalent of moving one ton of freight 3,887 miles for every man, woman and child in the nation, according to the Railroad Community Committee of Greater Boston. This compares with 3,796 ton-miles per capita in 1955 and 3,408 ton-miles in 1954.

Major U. S. railroads now employ 987,975 persons, according to latest figures released by the Railroad Community Committee of Greater Boston. This is a drop of 5.11 percent from 1956 figures.

A seven-acre site at Promontory, Utah, where the Golden Spike was driven in 1869 to complete the first transcontinental railroad in America, has been designed by the Department of the Interior as a historic site and set aside as park land according to the Railroad Community Committee of Greater Boston.

Montana and Pennsylvania the United States perform each has a railway junction the equivalent of moving

about 49 pounds of freight, express and mail 430 miles for every man, woman and child in the United States, according to the Railroad Community Committee of Greater Boston.

Of the \$46,300,000,000 spent by the American people for all kinds of food in 1956, \$18,300,000,000 went to the farmers, \$24,300,000,000 went for processing, merchandising and marketing, and \$3,700,000,000 went for all forms of freight transportation, according to the Railroad Community Committee of Greater Boston.

Although the railroads handled the great bulk of farm-to-market traffic, their total bill for the transportation of food products amounted to approximately \$1,640,

000,000 or only 3.5 percent of the average United States food dollar, according to the Railroad Community Committee of Greater Boston.

Massachusetts railroads employ 16,346 men and women, according to the Railroad Community Committee of Greater Boston.

SAFETY TIP: The AAA says the new cars are safer than ever before, but there's one factor the automobile makers can't improve - and that's your driving. It's the man behind the wheel who determines whether a car is really safe - or not.

Step-down construction in the rear passenger seat of the 1958 Pontiacs has made it possible to increase leg room approximately 4.5 inches in some models.

Samaritan Loses Car

Harry Johnson of Bellevue Ave., reported to police that after giving two youths a lift from Silver Lake to a drug store in Tewksbury, he entered the drug store and upon leaving, found that the youths, and his car, had disappeared.

The car, stolen Sunday, was found yesterday in Tewksbury.

Break At Silver Lake Hardware

The owners of the Silver Lake Hardware reported to police that the store was broken into over the weekend. Entrance was gained by a rear window. No estimate of loss has been made at this time.

Police believe a rifle found in Thompson's Grove to be part of the loot.

New Mail Box Stolen

Albert Griffin of Oak St., reported to police that his mailbox was stolen Sunday evening.

Mr. Griffin had put up the new box Sunday afternoon.

Wilmington Ford Re-Zoning Article Draws No Comment

The Wilmington Ford Sales article asking re-zoning of property they own on Lower Main St. brought no objections, no questions and no comment at the Planning Board Hearing Monday evening. The Planning Board is expected to vote favorably on the proposal.

GROUND OBSERVER RESERVE STATUS

Civil Defense Director Rene Larivee announced this week that the Ground Observer Corps will go on "Ready Reserve" status January 1, instead of the around the clock active watch they now participate in here.

The entire GOC of the United States will be maintained in a state of organization and training capable of performing sustained operation for an indefinite period when alerted to do so.

This has been made possible with the advancements in Radar and other electronic devices.

However, the GOC will be trained and on alert to man the stations within a minimum 30 minute time limit.

SON FOR MAYNARDS

A son, Dean George, was born on Nov. 9, at the Winchester Hospital to Mr. and Mrs. George Maynard, of Oakdale Rd. The couple has another child, Dale.

Grandparents are Mr. and Mrs. George F. Maynard of Pittsfield, and Mr. and Mrs. Russell Biever, of Springfield.

SECOND CHILD FOR BLAISDELLS

Mr. and Mrs. Gus Blaisdell, Jr., of Wildwood St., announce the birth of a son, Mark Francis, on Nov. 8, at the Melrose Hospital. The couple has a daughter, Ann Elizabeth.

Mr. and Mrs. Gus Blaisdell of Swain Rd., and Mr. and Mrs. William Martino, of Hopkins St., are sharing grandparents honors.

Accessory Story:

You can "ride on air," move with steady traction over ice, thrill to fuel injection acceleration, yet not worry about unwittingly exceeding speed limits, and even take your car radio and its entertainment with you if you invest in some of the optional equipment available for your 1968 Pontiac.

Very tall and very short persons frequently have difficulty adjusting the rear vision mirror to their satisfaction. Not on the 1968 Pontiac. The addition of a special joint in the mounting gives greater variation in the adjustment than ever before.

Using paint thinners, lacquers, spray paints, and paint removers may involve a fire hazard, many such materials are flammable. If used inside, keep away from stoves, heaters, electric motors, and smoking; and have containers closed when not actually in use.

Travel Tip: Take plenty of pictures on your trip, but be sure you stop in a safe place when you see something you want to shoot. Pull off the pavement - or if the shoulder is too narrow, drive to the next safe pull-out and walk back to your picture-taking objective, says the Triple-A.

A simple epitaph appears on a tomb in Florence, Italy: "Here lies Salvino d'Armati of Florence, the inventor of spectacles. God forgive him his sins. Died in the Year of our Lord 1317." The inscription may be misleading. Marco Polo is recorded to have seen eyeglasses used in 1275 in China, according to Murline Co. researchers.

Plans for the development over the next three to four years of a \$175,000,000 nickel project in northern Manitoba were recently announced by the Manitoba Government and The International Nickel Company of Canada, Limited. The project, which will constitute the biggest nickel-producing operation in the world next to International Nickel's operations in the Sudbury District of Ontario, will be the largest single investment of any kind in Manitoba.

CHARLES PELLEY
"Wedding Specialist"
GL 3-4775 LOWELL

Proof that alcohol and gasoline do not mix lies in national fatality records, which show that at least 30 per cent of traffic deaths are charged to drinking drivers. However, the Institute for Safer Living of the American Mutual Liability Insurance Company advises that on holidays and week-ends drinking drivers may be involved in as many as 50 per cent of the fatal accidents.

If you have an auto accident, the odds are almost even that you were exceeding the posted speed limit at the time, according to the Institute for Safer Living. Too much speed is a factor in nearly 40 per cent of all fatal accidents.

One of the great pioneers in the field of aviation, the Naval Aircraft Factory was built during the fall of 1917. The first plane, a Curtiss H-16, was completed in March of 1918.
